

Proof of Industrial Visit Conducted

This is to certify that an Industrial Visit was successfully conducted by **Karyoun Innovations pvt ltd** for the students of:

Institution: Morning Star Polytechnic College

Department: Electronics and Communication Engineering (ECE) – II Year

Date of Visit: 13/05/2025

Number of Students: 13

Purpose: To provide practical exposure to Printed Circuit Board (PCB) design, fabrication, and testing processes.

Activities Conducted:

- Introduction session and company overview presentation.
- Demonstration of PCB design using industry tools.
- Live walkthrough of the fabrication process.
- Component placement, soldering techniques, and quality checks.
- Testing methods using digital equipment.
- Interaction session with engineers and Q&A.

We appreciate the active participation of the students and staff from Morning Star Polytechnic College.

The team at Karyoun Innovations looks forward to continued academic-industry collaboration.
